Thank You

Thank You for inquiring about our hunting area in the Mackenzie Mountains of the Northwest Territories. We hunt in a designated area which is 9.5 million acres, or 15,000 square miles. The mountains are approximately 3,550 to 9,000 feet terrain, ranging from low rolling mountains to rugged peaks in the high mountains. Our area is vast with many untouched areas.

We offer 12-day and 21-day horse, backpack, helicopter and riverboat trips for Dall Sheep from July 15th to mid-September in conjunction with Mountain Caribou, Mountain Goat, Wolf and Wolverine from July 25th and Moose from September 1st.

We had another great season, our 30th year in the Mackenzie Mountains, with many repeat clients as well as new friends.

The season started with good weather and good hunting. We had several bow hunters that were successful with both big Dall rams and Mountain Caribou. George Lawrence was up for his 3rd bow kill ram in as many years. The weather was cool and wet thru August and September, but it made for great hunting. We were 100% on all our hunts, taking 7 rams over 40" with our best being 44 1/2 inches which was also a Fannin ram. We had a few cancellation hunts that we were lucky enough to fill. Josh Slager and his son, Tyler, took a good ram on video for their television show, Slager Outdoors. We had a 37 1/2" average with an 11 year old average.

Our Caribou hunters were also 100% both with bow and rifle. We took several that will score high in the record books. One of our new friends, Kent Yaws, took the full mixed bag hunt taking a Dall ram, Mountain Caribou, Moose, Goat and topped it off with a wolf.

Our Moose hunts were 100% as well with very nice trophies. We took 2 very nice Mountain Goats both over 9" with heavy bases and exceptional capes.

Canada North Airlines and First Air fly everyday to and from Norman Wells and Edmonton International Airport. Hunters are met at the airport in Norman Wells and flown by light aircraft to base camp which is 120 miles to the Southwest. Make sure you have your Birth Certificate or Passport when traveling. Also make sure you have your Travel and Medical Insurance to cover your trip to Canada. This year you will have to register your rifles with Customs Canada.

The cost of crating and shipping from Norman Wells is the hunter's responsibility. We can help arrange crating. Also, if you would like to take meat home, bring a cooler of some type and some large Ziploc bags, as well as duct tape.

Our base camps have log cabins, tent frames, plywood cabins and showers. When out in spike camp there will be wall tents to sleep in. We supply a guide for each hunter. All hunts are one-on-one. We arrange for the air charter to and from base camp and return to Norman Wells at the conclusion of the hunt, on scheduled flight dates only. If the weather is not flyable, contact the Heritage Hotel at 1-867-587-5000 where we will be in touch.

One third deposit is required to secure a booking; second is due on the 1st of March and the balance on May 1st. Hunts are booked on the basis of prices in effect and availability at the time the deposit is received. Deposits can be used on alternate dates or can be transferred to an alternate client within a specified time. We would like to thank our crew for all their hard work and determination that they put into the season. And a very special thank you to all our clients who enjoy hunting and the outdoors, making all this possible.

For more information please call or write. We will look forward to hearing from you. We encourage you to book early for the most convenient dates and we will try our best to give you a pleasant and enjoyable hunt. We are presently booking for 2012 and 2013 seasons.

Stan Simpson, YOUR OUTFITTER
